REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In light of the arguments submitted 11/9/2006, the examiner finds the claims allowable.

Independent claim 1 discloses

the distance calculation section is further adapted to set a moving increment based on the width of an object frame that is determined depending on the first image of the object, and to execute the correlation calculation process while moving the first image of the object stepwise at the moving increment in the seeking area so as to extract a new seeking area which consists of a correlation area that exhibits a high degree of correlation with the first image of the object and two areas that sandwich the correlation area.

A similar subject matter is disclosed in independent claims 3, 4 and 8.

The above features, as explicitly recited, and in combination with the other elements of the claim are neither disclosed nor suggested by the nearest prior art of the record.

Prior art Nakamura (6909802) discloses image correspondence method but does not teach the specifics cited above.

Prior art Hirabayashi et al. (6021209) discloses distance detection but does not disclose the specifics above.

Prior art Nishigaki et al. (6775395) discloses an object recognition system on a automobile but not the specifics of the independent claims.

Art Unit: 2624

Prior art Asayama (5381173) discloses object distance detection but not the specifics of the independent claim.

Prior art Choate et al. (5422828) discloses target tracking and range estimation but not the specifics of the claims.

Prior art Kajiware (5557323) discloses distance measuring on an automobile but not the specifics of the independent claims.

Non-Prior art Hirvonen et al. (2005/0232463) discloses depth map calculation to avoid car collisions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hadi Akhavannik whose telephone number is 571-272-8622. The examiner can normally be reached on 10:30-7:00.
